Press release

it-sa 2018: Secardeo introduces new product for certificate lifecycle management

Nr. 3/ 2018

Ismaning, September 18, 2018 - Secardeo GmbH will once again take part in Europe's leading IT security trade fair it-sa in Nuremberg this year. The provider of Certificate Management solutions will present its products from 09.-11. October.

At the Secardeo booth (hall 10.1, booth 331) the Ismaning PKI team is ready to answer questions around the topic of certificate management. The experts provide information about the components of their TOPKI platform for the automated distribution and management of digital certificates:

- certBox - Certificate server for end-to-end encryption
- certEP - Autoenrollment with a non-Microsoft CA
- certMode & certPush - S/MIME certificate distribution for mobile devices
- certLife - Certificate management via web browser

In particular, the new product "certLife", a Windows service for managing the certificate lifecycle within the Secardeo TOPKI platform, will be the focus of the trade fair presentation.

"With certLife, we offer our customers a solution for an efficient certificate management of computer, S/MIME or SSL certificates as well as for user self-services" says Dr. Gunnar Jacobson, CEO of Secardeo.

In order to bring the topic "PKI automation" closer to the professional audience, Dr. Jacobson gives a lecture in German on Oct, 9th at 1:45 pm in Forum T10 (technology) and in English on Oct, 10th at 10:20 am in Forum I10 (International).

Please arrange appointments for press interviews and background discussions at barbara.rauch@secardeo.com.

Further information is available at www.secardeo.com.
